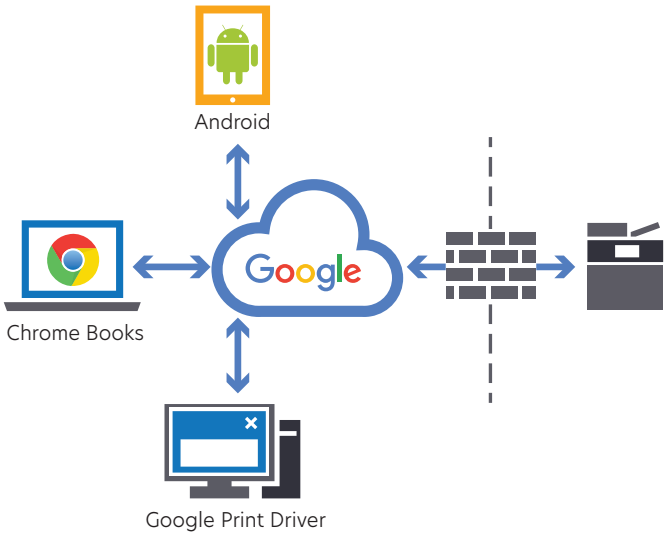
Out of the box compatibility

Google Cloud Print benefits

- Mobile printing with minimal IT investment
- Works on Chromebooks, mobile and PCs
- Minimal IT resources for set up (if any)
- Mobile device does not have to connect to the network—only internet access is required
- No discovery—printers are pre-shared
- Set common print options
- Printer securely retrieves and prints

Google Drive benefits

- **Easy to use** - intuitive interface simplifies tasks and speeds document management.
- **Efficient** - streamline the process of saving to and printing from Google Drive by initiating activity directly from your MFP.
- **Secure** - control access to uploaded files and protect data integrity with customizable sharing settings.



Google Drive key features

- **Print on Demand -** Use your smart MFP touch screen to browse, select and print directly from Google Drive at the moment you need it.
- **Scan and upload -** Scan and upload files from the MFP directly to Google Drive for secure storing and sharing.
- **Share, view and collaborate** - Scan a document into a shared folder for fast and easy collaboration between multiple employees, departments or agencies.
