

The High-Performance Partner You Can Count On

As specialists in technology leasing and financing, LEAF helps you close more sales and enhance your service offering by providing innovative solutions for your customers. Partnering with LEAF means you have access to a team of dedicated finance specialists who guide your customers through the financing process. That means you can focus on making more sales.

Why Partner With LEAF

Increased Profitability

Bundling additional services into a customized payment allows you to increase the size of the sale — and your profit margin.

Convenience

Our experience and expertise in technology leasing and financing makes the process convenient for you. Just send us a customer quote, and we'll take care of the rest.

Leasing Support

We support our partners with the resources and guidance to help them be successful. You'll receive training, a dedicated program manager, and full marketing support to help you proactively promote payment solutions and finance options to your customers.

Customer Retention

Payment plans like Subscription and FMV lease options create future opportunities because when your customers are ready to upgrade, they'll come back to you for a tech refresh.

Total Solution Financing

Our full service financing capabilities allow your customer to bundle a complete solution, including maintenance and service, into a single payment plan and you become their solution provider.

We're More Than Just Hardware

At LEAF, we provide financing for more than hardware — we develop single-payment solutions for any mix of hardware, software, and services. Here's what we finance:

 POS systems	 Digital signage
 Telecom equipment	 Security equipment
 Computers and peripherals	 And more

Our years of experience in the IT channel give us the expertise to develop customized solutions that help your clients acquire the technology they need. At LEAF, we know technology and understand your customers' needs.
