

# Partnering for Student Safety

## Combining Forces for Digital Safety

Lenovo's LanSchool and Bark are working together to provide award-winning edtech solutions to help keep students safe online. LanSchool's existing web protections will be complemented by Bark for Schools' monitoring technology, which alerts administrators to potential issues like depression, cyberbullying, self-harm, and threats of violence on school accounts.

## Free Image Removal Software

Schools that register for Bark as part of their LanSchool relationship will receive Bark's Image Removal feature (valued at \$2/student) at no additional cost. This groundbreaking tool identifies and extracts inappropriate images from student accounts.

## How to Set Up Bark for Schools

- Visit [bark.us/lenovo](https://bark.us/lenovo).
- Click Get Bark for Schools or Sign Up Today. Select [G Suite](#) or [Office 365](#).
- Follow the steps in the help article to complete the set-up.

## Need Help?

Contact [sales@lanschool.com](mailto:sales@lanschool.com) or [help@bark.us](mailto:help@bark.us) if you have any questions about Bark for Schools, LanSchool, or how this partnership can help improve student safety.

## What is Bark for Schools?

Launched in 2018 after the tragic Parkland shooting, Bark for Schools monitors student G Suite and Microsoft 365 accounts for potential issues like cyberbullying, suicidal ideation, threats of violence, and more. As one of the fastest-growing companies in edtech, Bark for Schools is trusted by more than 2,100 school districts across the U.S. The service is also a community giveback program, free for all K-12 public and private schools.

### Bark for Schools Safety Features:

- Monitors emails, chats, and files across student accounts
- Filters websites to block porn, games, streaming services, and more
- Is compliant with CIPA, FERPA, and COPPA

## What is LanSchool?

As a pioneer and innovator of classroom management software, LanSchool has been placing purposeful technology in the hands of passionate educators for over 30 years. LanSchool helps guide learning, promote collaboration, and make the most of classtime in traditional classrooms and in remote environments. LanSchool's award-winning classroom orchestration solutions empower educators to inspire the best student outcomes.

### LanSchool Safety Features:

- Web limiting
- Screen monitoring
- Web and app reporting

## Extra Support for Urgent Alerts

OnCall is a paid option for schools that want help staying on top of urgent alerts. This upgraded service provides 24/7 access to a school safety specialist who will personally review all severe alerts and contact schools via email, text, and phone call.

## Share Alerts With Parents

Parent Portal allows schools to share after-hours alerts with parents and guardians for free. These are times when administration may not be available to respond quickly. Parents can also upgrade to our Bark for Families product so they can get alerts from social media, text messages, and more to help protect children on their personal accounts.
