

## UVC High-Power Charging Cabinet with 16 USB-C Ports - 1040 W

Model# 180351

## SANITIZE AND FAST CHARGE CHROMEBOOKS, PHONES, TABLETS, AND OTHER NOTEBOOKS

Quickly charge, sanitize and organize multiple devices with Manhattan UVC Charging Cabinets and Carts. With options for 16, 32 or 48 ports, these enclosures feature built-in UVC LEDs that help eliminate harmful pathogens for increased peace of mind and user safety.

### Powerful Charging

Front-facing USB-C charging ports quickly power up notebooks, Chromebooks, tablets, smartphones and other USB-powered devices at 3.25 A per port. Port LEDs easily let you know when devices are ready. All your equipment stays protected from excess power.

### Ozone-free UVC cleaning

The cabinet's ozone-free UVC technology safely kills germs without heat, liquids, or chemicals. Just connect devices in their bays, close the door and let the timed UVC system do its work. Used and drained devices go in; refreshed devices come out, fully charged and sanitized for the next user.

### HIGHLIGHTS

- USB-C Power Delivery (PD 3.0) charging ports with power per port up to 65 W / 3.25 A and 1040 W total
- Protection against overload, overcurrent, short-circuiting, voltage spikes and lightning strikes
- Stackable up to 2 units for an even more extensive charging solution with more ports
- Integrated UV LEDs to eliminate 99.99% of germs, viruses and bacteria
- Safely stores, fast-charges and disinfects up to 16 smartphones, tablets and notebooks
- USB-C Power Delivery (PD 3.0) charging ports with power per port up to 65 W / 3.25 A and 1040 W total
- Sturdy, secure, powder-coated metal housing; 3-point door lock with two included keys
- Reversible safety glass door on the front to view status LEDs and devices; can be opened 270°
- LED indicators for easy status monitoring
- Spacious bays (340 x 30 x 250 mm / 13.39 x 1.19 x 9.84 in. each) with cable management built into the dividers
- Built-in wall-mounting holes on the back to install the cabinet, save space and prevent theft
- Ozone-free UVC technology for safe sanitizing without heat, liquids or chemicals
- Safety mechanism that automatically turns off the UV light when door is opened to avoid damage to eyes and skin
- Silent fan and ventilation slots for maximum airflow and cooling efficiency
- Round edges to avoid injuries in busy environments
- Earthing kit included
- Rubber feet for non-slip desktop use
- Universal AC input with C14 connector; power cable with C13 to regional plug included
- Optional handle and four heavy-duty wheels included
- Three-year warranty
