STORE & GO

Room for what matters.

Backup Plus Ultra Touch

Peace of mind feels good. And Backup Plus Ultra Touch proves it with a unique woven fabric design, seamless file syncing, and advanced password encryption for utmost file security.

One Touch SSD

Speedy and as small as a credit card, One Touch SSD offers classic and special edition styles for commuters craving fast, continuous backup and a personalised look.

Backup Plus Slim and Portable

Built with sleek looks, expansive space, and seamless file syncing capabilities, Backup Plus Slim and Portable are go-to solutions for on-the-go people wanting to carry photos and files.

Backup Plus Hub

Give your desk the ultimate gift — up to 10 TB of ample space for an ever-expanding digital universe. Backup Plus Hub is more than reliable — it's easy to use and even offers two extra USB 3.0 ports so you can charge and offload files from your phone, tablet, camera and more.

Expansion Desktop and Expansion Portable

Cut to the chase with drag-and-drop backup. Optimised for Windows, these hard drives offer tons of space, a classic black look, and a "let's get this show on the road" no-frills attitude.

Adobe Creative Cloud Photography plan

Get all your photography essentials with the Adobe Creative Cloud Photography plan.

Easily edit, organise, store, and share your full-resolution photos from anywhere with a two-month complimentary membership to **Adobe Creative Cloud Photography plan.**[1]

Offered with select drives.

ORGANISE YOUR MEMORIES WITH MYLIO CREATE

Photos add up and scatter pretty easily, wouldn't you say?
mylio·CREATE

Put the puzzle pieces back together with a one-year complimentary subscription to Mylio Create, an intuitive yet powerful app that creates your Life Calendar of memories while offering the freedom to edit, share, and sync them across multiple devices. This is your world — manage it beautifully.[2]

Offered with select drives.

LET YOUR DATA THRIVE

CONSUMER GUIDE 2020

SEAGATE

GAME
Space and performance levelled up.

UPGRADE
Speed and capacity for your PC.

CHOOSE YOUR DRIVE

Game Drive for Xbox
Boost your console's storage capacity with a high-speed, plug-and-play hard drive. Whether you're at home or a friend's place, you can be set up and going in just a few minutes.

Game Drive for Xbox SSD
Slash game boot up and loading times with a lightweight, shock-resistant SSD that complements your Xbox One X. Bonus: a two-month membership to Xbox Game Pass.

Game Drive Hub for Xbox
Amass a truly colossal collection of 200+[1] games with a hard drive that has dual front-facing USB 3.0 ports to charge controllers, mobile devices, and other Xbox accessories.

BarraCuda 120
Upgrade your PC's dependability, speed, efficiency, and cost effectiveness with our new 2.5-inch SATA SSD featuring a next-gen controller and the latest 3D TLC NAND technology.

BarraCuda 510
With speeds 6× faster than SATA and 1.8M hours MTBF, this SSD helps you seamlessly boot up, access data, load media, open applications, and transfer files on your ultra-thin laptop, mini PC or desktop PC.

IronWolf 110 SSD
Built for NAS, IronWolf is finely tuned with AgileArray™ firmware and IronWolf Health Management to keep multi-bay enclosures monitored for drive health and maximized for 24×7 multi-user environments.

Game Drive for PS4
Clearing games from your console to make room for new ones? End the struggle and keep a massive collection with Game Drive for PS4™. High-speed USB 3.0 gives you seamless game play — just like using your internal drive.

BarraCuda Fast SSD
Boot games, transfer files, and stream stored videos to your computer faster with a portable USB-C SSD offering speeds of up to 540 MB/s, huge space, and illuminated LED style.

FireCuda Gaming SSD
Experience less lag and more action with a portable USB-C drive that accelerates booting, loading, and saving with cutting-edge USB 3.2 Gen 2x2 technology and levels up your rig with customisable LEDs.

FireCuda 510
Tap into breakneck NVMe speeds with an SSD built to withstand the sustained abuse of top-tier gaming while providing the lowest latency in a slim M.2 2280 form factor and PCIe Gen3 ×4, NVMe 1.3 interface.

FireCuda 520
Harnessing Gen4 performance of up to 5,000/4,400 MB/s (sequential read/writes), FireCuda 520 is one of our fastest SSDs and features plug-and-play compatibility with all PCI Express 4.0 motherboards and the latest 3D TLC NAND technology.

FireCuda Gaming Dock
Meet the 4 TB storage hub that connects your entire battlestation via Thunderbolt 3 and offers customisable LEDs plus an upgradeable FireCuda NVMe SSD slot for crazy-fast speeds.
Products	Works with	Capacity	Mac & Windows	Special Features	Included Plans[1,2]
