

ASUS Learn at Home

Take learning to a whole new level with ASUS Chromebooks with the ability to not only make online learning seamless but easy at home.

Empower your students and staff with easy to use features, quick deployment, and cloud sharing compatibilities to innovate how to learn.

Chrome Solutions for Students

Learn at ease for an accident-prone solution with a spill-resistant keyboard, explore a vast variety of apps on the Chromebook App Hub to never stop learning and simplify learning with quick access to classroom materials.

ASUS Chromebook C204EE

- Protected inside & out with built-in security & military grade durability
- 180 degree hinge created to easily share and learn
- Secure by design to ensure a safe learning environment

ASUS Chromebook Flip C214

- Front and rear-facing camera to capture photos in tablet mode
- 360-degree hinge with a built-in stylus (Optional)
- Military-grade design with virus protection

Chrome Solutions for Teachers

Transform learning with G Suite to easily collaborate and work with students as a whole or individually, provide value to students using Google Classroom with instant feedback to help students excel and streamline learning without the boundaries of being in class with distance learning resources.

ASUS Chromebook Flip C434

- A mobile, sleek, and versatile design to place on any workplace
- Up to 10 hours of battery life to last a full school day
- Manage curriculum & never miss a detail with the four-sided NanoEdge design
