Works With Chromebook (WWCB)

Find compatible chargers, mice, keyboards, power adapters, and more...

Works With Chromebook badging can be used to identify accessories (mice, headsets, docking stations and more) that work seamlessly with Chromebooks because they have been tested and certified to meet Chrome OS compatibility requirements.

Works With Chromebook accessories can be identified by looking for the badge or finding “Works With Chromebook” in product specifications. A full list can also be found at goo.gle/wwcb-certified.

The following **accessory categories** are being Works With Chromebook certified, with many more categories launching by the end of 2020:

USB-C cables

Wall chargers

Ethernet dongles

Mice

Webcams

Docks

Headsets

USI stylus

External storage

Keyboards
