

Microsoft Accessories for Education

Allow students and staff to collaborate securely and learn from any location with a wide range of innovative accessories from Microsoft. Choose from keyboards with programmable keys, ambidextrous mice, adapters, webcams, and more. Best of all, our accessories easily integrate with Windows 10 devices and Microsoft 365 apps, as well as a variety of non-Microsoft devices.

Collaborate and learn in any environment while protecting student data

K-12 schools and higher education institutions seek to improve learning outcomes while managing costs and improving hybrid learning experiences. They also look to foster teamwork and collaboration in the classroom, meet diverse student needs, and protect sensitive information from external threats. Microsoft Accessories can help, with comfortable tools that allow students and staff to collaborate and learn comfortably and securely.

Comfort and ergonomics

Innovative accessories from Microsoft give students, educators, and administrators the freedom and comfort to do their best work.

- Ergonomic keyboards reduce strain by keeping hands, wrists, and arms at more comfortable, natural positions.
- Ambidextrous mice with precise tracking for comfort and productivity.

Productivity and collaboration

Empower students and educators to improve learning outcomes with Microsoft Accessories that help them engage and work from virtually anywhere.

- Share and communicate clearly with superior sound and video quality with HD webcams.
- Project classroom content, photos, and videos on the big screen with the Microsoft 4K Wireless Display Adapter.

Security and compliance

Keep information private and adhere to regulatory requirements with security features such as Bluetooth® and Advanced Encryption Standard (AES) technologies.

- Secure Bluetooth and AES keyboards encrypt keystrokes prior to transmitting to a PC or other device.
- Random data generation and unique identifiers for each transmission help prevent sophisticated attacks.
